[No. 5267.]

For the prevention and cure of
BILIOUS AND MALIGNANT FEVERS
is recommended
Hahn's ANTI-BILIOUS PILLS
THIS Medicine has been attended
with a degree of success highly grateful
to the inventor's feelings in several parts
of the West Indies and in the Southern
and Middle States, &c.

The testimony of a number of persons
can be adduced, who have reason to be-
lieve that a timely use of this salutary
remedy has, under Providence, preserved
their lives when in the most alarming cir-
cumstances.

Facts of this conclusive nature speak
more in favour of a medicine than col-
umns of pompous eulogy founded on
mere assertion.

It is not indeed presumptuously
proposed as an infallible cure, but the inven-
tor has every possible reason that can re-
sult from extensive experience for be-
lieving that a dose of these Pills taken
even in every two weeks during the pre-
valence of our bilious fevers, will prove
an infallible preventive; and further,
that in the earlier stages of those diseases
their use will very generally succeed in
restoring health, and frequently in cases
estimated desperate and beyond the pow-
er of common remedies.

The operation of these pills is perfectly
mild, so as to be used with safety by per-
sons in every situation and of every age.
They are excellently adapted to carry
off superfluous bile and prevent its mor-
bid secretions—to restore and amend the
appetite—to produce a free perspiration
and thereby prevent colds which are of-
ten of fatal consequences. A dose never
fails to remove a cold if taken on its first
appearance: they are celebrated for re-
moving habitual costiveness—sickness at
the stomach and severe head-ache—and
ought to be taken by all persons on a
change of climate.

They have been found remarkably effi-
cacious in preventing and curing disor-
ders attendant on long voyages, and
should be procured and carefully preserv-
ed for use by every seaman.

Hamilton's Elixir.
A sovereign remedy for colds, ob-
stinate coughs, asthma, sore throats, ca-
tarrhs, and approaching consumptions.
To persons who have children afflicted
with the **HOOPING COUGH**, this dis-
covery is of the first magnitude, as it af-
fords immediate relief, checks the pro-
gress, and in a short time entirely re-
moves the most cruel disorders to which
children are liable. The Elixir is per-
fectly agreeable, and the dose so small
that no difficulty arises in taking it.

Hamilton's Grand Restorative.
Is recommended as an invaluable me-
dicine for the speedy relief and perman-
ent cure of
Nervous Disorders Violent cramps in
Consumptions the stomach and
Lowness of spirits back
Loss of appetite Indigestion
Impurity of blood Melancholy
Hysterical affection Gout in the stomach
Inward weaknesses Pains in the limbs
and debility Relaxations, etc.

Hamilton's Essence and Extract of Mustard.
A safe and effectual remedy for acute
and chronic rheumatism, gout, rheumatic
gout, palsy, lumbago, numbness, white
swellings, chilblains, strains, bruises, pain
in the face and neck, etc. etc.

Lee's Ointment for the Itch.
Warranted an infallible remedy at one
application, may be used with perfect
safety by pregnant women, or on infants
a week old, not containing a particle of
mercury or any dangerous ingredient
whatever, and not accompanied with that
tormenting smart which attends the ap-
plication of other remedies.

**Hahn's true & genuine German Corn
Plaster.**
An infallible remedy for corns, speedily
removing them root and branch, with-
out giving any pain.

The Genuine Persian Lotion.
So celebrated among the fashionable
throughout Europe, is an invaluable cos-
metic, perfectly innocent and safe, free
from corrosive and repellent minerals,
the basis of other lotions, and of un-
paralleled efficacy in removing blemishes
of the face and skin, freckles, pimples,
inflammatory redness, scurfs, tetter, ring-
worms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water.
A sovereign remedy for all diseases of
the eyes, whether the effect of natural
weakness or of accident.

Tooth Ache Drops.
The only remedy yet discovered which
gives immediate and lasting relief in the
most severe instances.

Lee's Infallible Sore and Fever Drops
For the cure of agues, remittent and
intermittent fevers.

At the place of sale pamphlets
may be had gratis, describing cures per-
formed by the above medicines; the num-
ber, importance and respectability of
which, fully justify every article of this
advertisement.

versus
James B. Dunnington, Robert Dunning-
ton, Francis Taylor and Elizabeth B.
his wife, James Bloxham and Catharine
his wife, William Simmons and Esther
his wife, heirs of William Dunnington.
THE Complainant alleged in his bill
that the Respondents have in pos-

father Wm. Dunnington, whose personal
estate was not sufficient for the payment
of his debts. Wm. Dunnington's estate
is indebted to the complainant in a large

to procure a decree for the sale of the
land, for the payment of the debts re-
maining unpaid by the personal estate.

are non-residents.—It is thereupon, at
motion of the Complainant, ordered that
he cause a copy of this order to be in-
serted in the Alexandria Gazette for the

the absent defendants may have notice of
this application, and of the subject and
object of the bill, and may be warned to
appear in this court in person or by a so-
licitor, to shew cause, if any there be,
wherefore a decree should not pass as
prayed. Teste,

Universal Language.—One of the most important inventions ever submitted to the judgment of mankind, is the late discovery of a Universal Language, or the means of conveying new ideas by a few certain, simple, distinct and easily formed symbols, intelligible to the whole species, what-ever their language; in the same manner as musical notes express the same thing universally to natives of Italy, Russia, England and Hindostan. A society has been instituted in Germany, where the subject originated, to mature a plan of this nature.

There is nothing which a man

This custom, highly indecent in a place of worship, provoked the censure of Bishop Spratt, the rival of Burnet—he checked it frequently while he was preaching; and on more than one occasion, raising his voice, exclaimed, "peace, peace, I pray you peace!" Burnet, less delicate, is said to have sometimes sat down to enjoy it.

Savannah, June 20.

"Fernandina, 15th June, 1818.
"The Inspector-general, major Davis, arrived here from the army on the 13th, inspected the army on the 14th, and set out the same day for Darien. He informs us, that Gen. Jackson summoned the fort at Pensacola to surrender on the 20th May, was released, and was making preparations to attack on the 21st; and that he intends taking St. Augustine immediately after. The troops here are ordered to be in readiness for that purpose."
(San. Realities.)

New-York, June 23.

GENERAL JACKSON.

The taking of Pensacola by the army under the command of this distinguished officer, as it seems to contradict the positive assurances of the executive to congress, has excited no little astonishment, and has given birth to conjectures, surmises, and anticipations without number. If, indeed, the statements we have received be correct, it is almost impossible to give a satisfactory explanation of the course which either the government or General Jackson has thought it proper to pursue. Admitting the Spanish fortification to have been taken, as is said, by storm, it is a step of so strong and decided a character, that we cannot, with the most partial inclinations, reconcile it to the policy heretofore professed by the Cabinet; and we are driven to believe either that General Jackson has exceeded the limit of his orders, or that the enlightened statesmen who now re-

No act of hostility against Spain, or any Spanish authority, merely as such, could be justified. Without a declaration of war, offensive operations cannot be commenced against any nation.—But it is easy to perceive that the subjects of a power, with whom we are at peace, may, by joining and mixing almost indiscriminately with our enemies, be exposed to their chastisement and ruin. In ordinary cases, by the law of nations, the belligerent powers will respect the asylum of a neutral, even tho' it be the resort and hiding place of an antagonist—and in relation to the armies of the United States, our own laws prevent *their* being employed against any one not previously and formally declared to be a national enemy. This, then, must be viewed as differing from the common cases; and if the President has authorised the capture of Pensacola, it is because the Spanish character of the town became *merged* (if a technical term be allowed) in the Seminole character; and because the government of the United States no longer thinks it expedient to be nice in its discriminations of what is and what is not the territory or dominions of Spain.

There are many prepared to justify the immediate and forcible occupation of Florida; but we confess ourselves among those who wish to have, as an apology for the step, something more offensive, on the part of Spain, than the mere carte and tierce of diplomatic disputation.—Nor shall we ever feel inclined to sanction an act of hostility, unpreceded by the formal declaration of war, against a power, too, whose minister resides, and is recognized, in amity among us.

Conversion to Christianity of the Emperor of China.—Extract of a letter from Lisbon, dated 20th of March.—“By a vessel just arrived in our Harbor from Rio Janeiro, we have received the very extraordinary news and [quite official] that the emperor of China, and all the great Mandarins of his court, have embraced Christianity; which religion is henceforth to be considered as the established one in China, to the total exclusion of all others! this vessel has on board two Portuguese missionaries, one a Jesuit, and the other a Monk of the Third Order of St. Francis, who are bearers of rich presents, and also a letter written by his Chinese majesty to the Pope, acknowledging his supremacy! Nothing could exceed the rejoicings which took place at Rio Janeiro on this occasion.—The city was illuminated three nights in succession, and their most faithful moieties,

with every branch of the Royal Family, and their respects to Monsieurg, the Archbishop of Demetrio, Nuncio Apostolic to the Brazilian Court. The city of Pekin is erected into a Patriarchate; the Patriarch is a Portuguese monk, Dom Macao, of the Order of St. Francis. Pekin has also an Inquisition, which is under the direction of the Inquisitors from Goa. The education of all classes is invested in the hands of the Jesuits, as well as the high officers of State. 24. The extent to which General Jackson, in prosecuting the Indian War might go, without a violation or stretch of his orders, can only be fairly ascertained upon an examination of the orders themselves. It is possible that more may have been left to his discretion, as to the treatment of the Spanish authorities in Florida, than would at first appear consistent with our pacific declarations. The nature of the contest, and the known assistance as well as protection afforded to the Seminoles, from Spanish sources, might have early suggested the propriety of conferring upon the General a power to judge at circumstances as they occurred, and to vary, if he deemed it absolutely essential to the purpose of his expedition, from the wishes and views of government. A power like this, awful and alarming as it may sometimes prove, must be communicated in a greater or less degree, to every commanding officer—and we do not hesitate to add, that General Jackson, upon such a theatre of battle, was fairly entitled to, as well as worthy of, the trust, if that has been the case, we have only to wait patiently, and we shall doubtless obtain from the General an ample development of the causes and motives of an action, which at present, appears to us extraordinary and inexplicable.

No act of hostility against Spain, or any Spanish authority, merely as such, could be justified. Without a declaration of war, offensive operations cannot be commenced against any nation. But it is easy to perceive that the subjects of a power, with whom we are at peace, may, by joining and mixing almost indiscriminately with our enemies, be exposed to their chastisement and ruin. In ordinary cases, by the law of nations, the belligerent powers will respect the asylum of a neutral, even tho' it be the resort and hiding place of an antagonist—and in relation to the armies of the United States, our own laws prevent their being employed against any one not previously and formally declared to be a national enemy. This, then, must be viewed as differing from the common cases; and if the President has authorized the capture of Pensacola, it is because the Spanish character of the town became merged (if a technical term be allowed) in the Seminole character; and because the government of the United States no longer thinks it expedient to be nice in its discriminations of what is and what is not the territory or dominions of Spain.

There are many prepared to justify the immediate and forcible occupation of Florida; but we confess ourselves among those who wish to have, as an apology for the step, something more offensive, on the part of Spain, than the mere carte and tierce of diplomatical dispute. Nor shall we ever feel inclined to sanction an act of hostility, unprovoked by the formal declaration of war, against a power, too, whose minister resides, and is recognized, in amity among us.

[Franklin Gazette.]

The following article, which is given in two or three of our late English papers, as sober truth, we copy as a subject of curiosity, and not as a matter of fact:

Conversion to Christianity of the Emperor of China.—Extract of a letter from Lisbon, dated 20th of March last:—"By a vessel just arrived in our harbor from Rio Janeiro, we have received the very extraordinary news and (quite official) that the emperor of China, and all the great Mandarins of his court, have embraced christianity; which religion is henceforth to be considered as the established one in China, to the total exclusion of all others! This vessel has on board two Portuguese missionaries, one a Jesuit, and the other a Monk of the Third Order of St. Francis, who are bearers of rich presents, and also a letter written by his Chinese majesty to the Pope, acknowledging his supremacy! Nothing could exceed the rejoicings which took place at Rio Janeiro on this occasion.—The city was illuminated three nights in succession, and their most faithful majesties, with every branch of the Royal Family, paid their respects to Monsignor, the Archbishop of Demetrio, Nuncio Apostolic to the Brazilian Court. The city of Pekin is erected into a Patriarchate; the Patriarch is a Portuguese monk, from Macao, of the Order of St. Francis. Pekin has also an Inquisition, which is under the direction of the Inquisitors from Goa. The education of all classes is invested in the hands of the Jesuits, as well as the high officers of State. The Confessor of the Emperor is a Portuguese Jesuit, and is declared by law the next

person in the Empire, to the Sovereign; and an unlimited power invested in his hands. These crafty men have adopted the costume, and are more splendidly clothed than any of the Mandarins.—The Jesuits have received the privilege to wear their nails an inch longer than any of the nobility, the Princes of the blood excepted; and any Mandarin who dares presume to have his slippers within two inches as long as the slippers of the Priests is to be punished with death.—The missionaries brought for the Court of Brazil some magnificent pieces of China, on which is depicted the audience of Lord Amherst with his Chinese Majesty; and those facetious orientalists have had the audacity to caricature that splendid embassy, which would have done honor to the first and most brilliant Court in Europe."

100 Dollars Reward.
RAN away from the subscriber's farm, near Piscataway, Md on or about the 1st day of March, 1818, a dark man named Nick, five feet ten or eleven inches high, slender made, a little deaf, speaks a little through his nose, has been in the habit of wearing rings in his ears, but may have taken them out to avoid discovery. Said negro Nick has a wife on Mr. Thomas A. Digges's land, near Fort Washington, and is probably harbored in that neighborhood. I will give the above reward of Thirty Dollars, if taken out of the State of Maryland, and Twenty if taken in the State, more than ten miles from home—within ten miles of home, Ten Dollars.

Dr. Thomson's System of Chemistry.
IN FOUR VOLUMES OCTAVO.
THE preceding edition of Dr. Thomson's Chemistry, had acquired so much reputation both in England and upon the continent of Europe, that a new edition, comprising the new facts with which the science had been enriched, and the new views of the subject which extended knowledge had suggested as indispensable, was eagerly looked for by the scientific world. A new edition has accordingly appeared, wherein the former edition of five volumes has been condensed into four.

All the new discoveries, and all the new theories of Chemical Phenomena, have been considered and embraced in the present improved edition: so that it is indispensable to the chemical student, as presenting the only condensed view of the changes and alterations in chemical doctrine, which the discoveries of the last ten years have suggested. No apology therefore can be necessary for reprinting such a book in this country; for the press does not furnish a substitute for it. But, there is so much theoretical suggestion—so much abstruse calculation—so much fact of dubious authority—and so much dubious validity—that notes and illustrations are absolutely necessary, not merely to render the book more useful, but more intelligible.

Under these impressions, I thought fit to write notes in illustration (and sometimes in contradiction) of the work itself, rather than to make any abridgement of it. Those who wish to know the modern views of chemical science, must peruse it; and to very many who will be anxious to study it, elucidation will be necessary. I have endeavored to supply these, to the best of my ability; regardless whether my own opinions are in dissonance or coincidence with those of my author; leaving to the reader to decide between us.

The work will be published, with notes and illustrations, in four volumes 8vo. **THOMAS COOPER, M. D.**
CONDITIONS.
I. The work will be printed on a superfine paper, with a new small pic letter; and will be published early in the ensuing summer.
II. It will be illustrated with a number of cuts, of which several have been necessarily added to the London edition.
III. It will be delivered to subscribers at \$12—to non-subscribers at \$14, in boards. The London edition sells for \$18.
Subscriptions will be received by **JAMES KENNEDY & SON.**

James Kennedy & Son,
RESPECTFULLY inform the public that they have just received from **LEE'S MEDICINE STORE,** No. 46, Maiden lane, New-York, a fresh supply of the following valuable MEDICINES:
Hamilton's Worm destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.
This medicine bears no analogy whatever to others of similar titles so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or gripping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.
Worms which infest the human body are chiefly of four kinds viz.—The Terebr or large round worm; the Ascarides or small maw-worm; the Cucurbitine or short flat white worm; and lastly, the Tenia or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and fetid stools; vomiting, large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.
A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of children—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.
The Restorative Powder for the Teeth and Gums.

For the prevention and cure of Bilious and Malignant Fevers, is recommended
HAIN'S ANTI-BILIOUS PILLS
THIS Medicine has been attended with a degree of success highly grateful to thousands of persons in several parts of the West Indies and in the Southern and Middle States, &c.
The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.
It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age. They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance; they are celebrated for removing habitual constiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.
They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Warranted an infallible remedy at one application, may be used with perfect safety by pregnant women, or on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

Hahn's true & genuine German Corn Plaster.
An infallible remedy for corns, speedily removing their root and branch, without giving any pain.

The Genuine Persian Lotion,
So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflammatory redness, scurfs, tetter, ringworms, scabs, prickly heat, &c.
